Faostats = Statistics of the Food and Agriculture Organisation of the UNO.

Data include black and red currants

Eurostats = European Statistical Information

data from countries with less than 100ha are not listed

prices represent an average of BC sold on the free market

data for "Overseas Countries" are based on data last known by the IBA.

They can only reflect a rough estimation of the real situation.

Please note that from 2021 onwards, data from the United Kingdom figure among "non-EU"
